

Who is renusol Europe?

SIMPLE,SOLID,SERVICE |Renusol Europe GmbH has specialised in sophisticated solutions for the installation of photovoltaic systems for over 20 years. Headquartered in Cologne,Germany,and a subsidiary of Pari Group,the company develops modular systems for installing solar arrays on roofs of any kind.

Are renusol products reliable?

Renusol products have been included in some very impressive installations over the years,showing customers they are proven and reliable. For example,our VS+pitched roof system was used as part of the Imperial Park project,where numerous new-build homes needed cost-effective,sleek-looking PV mounting products.

How to install a PV system using renusol products?

If you are planning to install a PV system using Renusol products, try the PV-Configurator 3.0. This design tool provides you with everything you need to succeed in your upcoming project, from an assembly plan to the parts list, in just a few clicks. It is entirely free to use and comes in several languages, including the latest addition: Croatian!

Solid - Durabilité; optimisé. Naturellement, les systèmes de fixation pour panneaux solaires de Renusol ne sont pas seulement faciles à utiliser et à monter - ils sont aussi extraordinairement solides : nos systèmes de fixation pour panneaux solaires disposent toujours de certifications exhaustives, ils sont conçus statiquement, très stables et durables.
