Podium Advanced Technologies offers a comprehensive set of services in the development and manufacturing of high-performance battery systems, high-end road cars and motorsport applications, supported by a unique hands-on experience in all facets of international motorsports.

As you are in St Maarten, you are already in the best place to receive orders, so if you can wait a month, you might as well order from China. In many other Caribbean countries, you are going to experience bureaucracy and taxes .

The company's services include full vehicle development, chassis and suspensions, engine and drivetrain applications, vehicle dynamics, electric and electronic systems, and custom battery packs, enabling clients to have high-performance battery systems for their vehicles.
