What is a hysolis mps3k-4500?

The MPS3K-4500 from Hysolis is an all-in-one solar power station that includes everything you need for reliable, sustainable, off-grid power. This is a mini off-grid solar system in a box - integrated with a 3,000W pure sine inverter & 4,500 watt hour lithium battery, the Hysolis MPS 4,500 will run just about anything you throw at it!

What makes hysolis a good power station?

Quickly charge up your solar panels with the sun on any day, even on cloudy days. A Reliable Power Station. Built to Last. Hysolis is a high quality, all-in-one power station designed to store power from the sun so that you can take care of your family and power your home, off-grid sanctuary, and more. Power that keeps on giving.

Is a hysolis solar power station a good alternative?

With its 4,500 Watt Hours of battery storage and a 3,000 watt pure sine inverter the Hysolis solar power station is the perfect gas generator alternative. People love the fact that it's completely silent and safe for indoor use. You can set the generator in the dining room or beside your bed and use it to power all sorts of appliances inside.

Can I charge my hysolis with solar power?

You can actually charge the Hysolis with up to 1500 watts of solar at the same time you're using it which means you can be taking power out of it to run appliances at the same time you're charging it from the sun. Because of this feature, we actually have customers who use the Hysolis as their full-time power source in their vans or off-grid homes.

How does the mps3k work?

The MPS3K charges fast enough to ensure your battery will be re-filled when you have access to Solar or Grid power. Built-in protections safeguard against things like short-circuit, over/under temperature, oversized loads, keeping you and the unit safe from accidents. Add batteries, or link entire units together, to grow the power system!

The Hysolis MPS3K has a powerful 3,000 pure sine wave inverter. It has been found by nearly all solar generator users that 3,000 watts of output power is plenty for most people's needs. It will only do 120v power, it cannot connect to another MPS3K in order to make 240v power.

Hysolis is a high quality, all-in-one power station designed to store power from the sun so that you can take care of your family and power your home, off-grid sanctuary, and more. Power that keeps on giving.

If you need a lot of power in a small space, the Hysolis MPS3K is one of the best solar generators. It measures 19.8" x 12.5" x 19". It fits easily in RVs, boats, cabins, and other small spaces. It even has mounting bars to secure it to a vehicle. Despite its size, the Hysolis MPS3K power station packs a large 4500Wh 48V Li-ion battery.

Power your world with the MPS3K. Heavy duty. Reliable. Tons of power. An All-in-One, Plug-and-Play Solar Power Station with an Inverter, MPPT Solar Charger, AC Charger, Car Charger, Lithium Battery Bank, and Comprehensive Protective Features. 4.5 kWh Lithium-Ion Battery.

If you are shopping for a heavy duty solar generator with lots of capacity and high power output, we highly recommend the Hysolis MPS3K. It comes with a massive 4500Wh lithium ion battery and can produce up to 3000W of AC power.

Simply connect the solar generator to solar panels and power everything from lights, fridges, cpap machines and more! HUGE Capacity. Totally Silent. Safe For Indoor & Outdoor Use With its 4,500 Watt Hours of battery storage and a 3,000 watt pure sine inverter the Hysolis solar power station is the perfect gas generator alternative.
