

Harness clean energy for your Isle of Man property with Manx Eco Installations. We specialize in solar panel and air source heat pump installations, delivering sustainable solutions for your ...

At Nexiom Ltd, we are experts in the installation of renewable energy on the Isle of Man, including solar photovoltaic panels (Solar PV), which can be used to power your home, leading to savings on your electricity bills and reducing your carbon footprint.

Even on a bright Manx winters day a panel can generate a considerable amount of electricity (perhaps 30% of capacity). There is something very satisfying about receiving an energy bill ...

Harness clean energy for your Isle of Man property with Manx Eco Installations. We specialize in solar panel and air source heat pump installations, delivering sustainable solutions for your energy needs.

Even on a bright Manx winters day a panel can generate a considerable amount of electricity (perhaps 30% of capacity). There is something very satisfying about receiving an energy bill from Manx Utilities which is not only zero, they might pay you because of ...

CleanTech's Solar PV System for Ballacain Passive House Project on the Isle of Man. CleanTech, a leading company in renewable energy solutions, has recently been awarded a prestigious project to design, supply, and install Solar PV system in Ballacain. Publisbed
