

The service portfolio of Iqony Solutions covers the entire value chain of plants for power generation: from project planning and engineering via operation management and optimization right up to intelligent IT solutions. With the WINDcenter, these services and our broad expertise are made available for the wind energy sector.

Industrial companies and local authorities need cost-efficient energy supplies and customised strategies to achieve climate neutrality in order to remain competitive and operate efficiently. We offer specialised services and contracting for sustainable technologies that focus on energy efficiency, climate protection and resource conservation. [More](#)

W&#252;rzburg/Saarb&#252;cken/Essen. Iqony, the green growth division of the Essen-based STEAG Group, is merging its solar and wind business into a joint business unit. The subsidiary, under whose umbrella both business areas will be bundled in future, has been operating as Iqony Sustainable Energy Solutions GmbH (Iqony Sens) since 30 May 2024.

Iqony Solutions provides customized responses to the challenges of the energy transition. As a partner for all the issues related to decarbonization and digitalization, we support our customers with engineering expertise.

Iqony Sens - Iqony Sustainable Energy Solutions - develops, builds and operates renewable energy plants throughout Europe as an Independent Power Producer (IPP) and EPC service provider. Iqony Sens acts as an IPP in the solar and wind sectors.

Iqony Sens - Iqony Solar Energy Solutions - develops, builds and operates renewable energy plants throughout Europe as an Independent Power Producer (IPP) and EPC service provider. Iqony Sens acts as an IPP in the solar and wind sectors.

We give you the security you need in a changing energy world because we combine engineering expertise with many years of experience in the energy industry. Through process optimization, renewable energies and predictive maintenance, we create long-term, economical, sustainable solutions for industry and commerce. [Learn more](#)
