

Using Smart Helio's proprietary algorithms based on Physics-Informed AI that considers factors like high temperature, irradiations, and OEM specifications, etc, it was able to predict the number of string disconnections in the upcoming weeks. This helped the client to take action and replace the inverters before they blew.

The planet warms up and so does Smarthelio. The "doctors of solar plants" got selected by Verbund x Accelerator Program 2022 to collaborate with the Austrian utility, thanks to their plug-and-play solution that can be integrated into any ...

Article originally from Efficience 21 in collaboration with CleantechAlps. "The young entrepreneur, Govinda Upadhyay, imagined an innovative system, that can diagnose faults in solar plants based on the data collected from their smart IoT sensor. Founder and CEO of SmartHelio, Govinda Upadhyay, with HelioHealth sensor. In order to optimize a solar plants' efficiency, SmartHelio ...

A war of words appears to have broken out in Burundi following the decision by the authorities to close operator Smart. One reason for the shutdown by regulator Agence de Regulation et de Controle des Telecommunications (ARCT) has been given as failure by Smart to settle its tax arrears. This has led to a second issue.

The solar industry is evolving fast. Extracting maximum benefit during the O& M phase is the key challenge for its sustainability. Industry's pressing issues like optimum cleaning cycles to minimize water usage and in-situ module degradation estimation for insurance claims need precise measurements of module parameters during operations.

Smart Mobile, la marque commerciale de l'entreprise Lacell SU (indicatif 75), est la dernière sur le marché florissant des télécommunications au Burundi. L'opérateur a lancé ses activités en 2010. Son réseau qui couvre maintenant la quasi-totalité du territoire national et ses tarifs ...

Smart Rings - the Fastest Growing Segment of the Smart Wearables Market - Here you will find objective and unbiased questions & answers, reviews & comparisons, as well as deep dives into specific issues like data security.

Amazfit ist bislang vor allem für seine Smartwatches bekannt. Jetzt hat der Hersteller auch einen Smart Ring mit dem Namen Helio im Sortiment (UVP: 299,90 Euro), der ab sofort auch in Deutschland verfügbar ist. Smart Rings wollen die gleichen Funktionen bieten wie Smartwatches und dazu dezent am Finger getragen werden.
