

Will Wärtilä supply the Caribbean island of Curaçao with a battery energy storage system?

WILLEMSTAD,Curaçao,May 20,2024 (GLOBE NEWSWIRE) -- Technology group Wärtilä will supply the Caribbean island of Cura?ao with a 25 MW /25 MWh Battery Energy Storage System(BESS).

How will a battery energy storage system benefit Curaçao?

The implementation of a Battery Energy Storage System will allow Curaçao to collect energy from renewable sources such as wind and solar energy and store it using advanced battery storage technologies. This stored energy can be released to mitigate the intermittency of wind power and ensure grid stability.

What are the economic benefits of Aqualectra's energy management system?

This system also brings us a myriad of economic benefits, such as a cutback in peak demand charges and low electricity bills for consumers and businesses in Curaçao. In addition to the Battery Energy Storage System, Aqualectra has also acquired an Energy Management System to further improve energy production and distribution.
