

Our AMG team members in the U.S. and South Africa collectively have over 40 years of experience designing and installing Tier-1 solar systems in Africa. We know which products to use that will be the most durable in the often harsh African climate.

Our AMG team members in the U.S. and South Africa collectively have over 40 years of experience designing and installing Tier-1 solar systems in Africa. We know which products to use that will be the most durable in the often harsh ...

Introducing our 50kW - 500kW Commercial Full Solar System--a powerful and comprehensive renewable energy solution meticulously designed for commercial enterprises that are ready to embrace sustainable power generation.

We offer fully customised, insulated and air-conditioned power containers for all industry applications. The containers are fully integrated plug-and-play off-grid systems with many advantages. SolarEPC container solutions offer the quick installation of ...

With the first SustainSolar container due to be launched in November 2018, Sustainable Power Generation is on its way to becoming the leading African manufacturer of containerised solutions for power generation ...

Specialized Solar Systems Absolute Containers designs custom-made solar containers to suit client's requirements. Whatever the application we can assist, offering containerised solutions using solar power with or without battery storage. An off-grid container solar system requires battery storage that must be designed correctly to generate

At Topshell, we excel in engineering custom containers for solar energy experts. From inverter houses to battery storage units and hybrid configurations, our company is committed to supplying tailored solar storage solutions to specification, on time, and within budget.

With the first SustainSolar container due to be launched in November 2018, Sustainable Power Generation is on its way to becoming the leading African manufacturer of containerised solutions for power generation from clean energy sources such as solar, biogas, and natural gas.
