At Ultimate Solar Namibia, we're dedicated to bringing the power of the sun to your doorstep. As the leading supplier of high-quality solar equipment in Namibia, we empower both residential and commercial customers with reliable, sustainable, and cost-effective energy solutions.

NamSolar builds and operates solar power plants. As an independent power producer, NamSolar has long-term contracts with municipalities, industrial and private customers. Investors can join NamSolar and participate in the company's success.

3 ???&#0183; Sturdee Energy is collaborating with the Frans Indongo Group to build two solar projects in Namibia. Located in Mariental and Kokerboom, these projects will each deliver 10 MW of capacity, adding up to a total of 20 MW. RMB Namibia, serving as the lead arranger, has facilitated the USD 27.98 million investment for the initiative.

HOPSOL Africa is a technology leader for on- and off-grid solar power plants, fuel save controllers as well as solar diesel hybrid systems at utility scale (e.g. mining solutions). We are specialized in building and operating solar power plants in deserts and desert-like regions.
