

Why is SolarSpace launching a solar project in Laos?

The company said it has an experienced production and management team in Laos, and those people will play a leading role in the development of the nation's clean energy industry. Laos is a new manufacturing location for SolarSpace, which has traditionally been more active in solar projects in the country.

Does Laos have a solar sector?

The news is also a positive development for the Laos solar sector. Last year, the country began construction on its first large-scale solar farm, a 50MW project in the south-east province of Attapeu, and the government has already made plans to expand its solar sector further.

Where will SolarSpace manufacture high-efficiency solar cells?

The plant will manufacture high-efficiency cells, although the specific type was not disclosed. The factory is SolarSpace's first PV manufacturing plant in Laos and its latest overseas manufacturing facility. It recently opened its first overseas plant, a 1.2 GW solar module factory in Cambodia.

Who is Zhongrun Laos?

Tags / Keywords: Laos , solar , energy VIENTIANE (Vientiane Times/Asia News Network): Zhongrun Laos Solar Technology Company Limited officially opened the first 5GW high-efficiency solar cell factory in Laos, contributing more than US\$2.4 billion to industrial production.

Where is SolarSpace launching a 5 GW high-efficiency solar cell plant?

SolarSpace marked the start of the first phase of its 5 GW high-efficiency solar cell plant in Laos at a recent launch event in the Saysettha Development Zone. The plant represents an expansion of the China-based PV cell and module manufacturer's overseas production capacity.

Is Laos a good country to invest in solar?

The government aims to increase the contribution of renewables to 11% by 2025, and while SolarSpace did not specify where its Laos-made modules would be shipped, the presence of a major manufacturing facility in the country is an important step in demonstrating the viability of Laos as a country capable of significant solar investment.
