

Will Vietnam let power-guzzling factories buy power from wind & solar?

Vietnam will let electricity-guzzling factories buy electricity from wind and solar power producers, helping big companies like Samsung Electronics meet their climate targets and relieving pressure on the country's overstrained grid. The government decree allowing Direct Power Purchase Agreements (DPPAs) was approved earlier this month.

Can solar power projects be sold to Vietnam Electricity?

Solar power projects - both utility-scale and rooftop - that started operation prior to 30 June 2019 are able to sell their electricity to the state-owned Vietnam Electricity and its subsidiaries at a FIT of US\$93.5/MWh for 20 years.

How much solar power does Vietnam have?

As of 2020, Vietnam had over 7.4 gigawatts (GW) of rooftop solar power connected to the national grid. These renewable energy numbers surpassed all expectations. It marked a 25-fold increase in installed capacity compared to 2019's figures. In 2021, the data showed that Vietnam now has 16.5 GW of solar power.

Why does Vietnam have so much solar power?

Constant uncertainty around renewable energy targets, ongoing curtailment issues, and stranded projects from the previous feed-in-tariff rounds have also allegedly contributed to that scenario. Vietnam currently has around 18.47 GW of solar capacity installed, according to data from Apricum's new "Solar power in ASEAN" report.

How much solar power does Vietnam have in 2020?

This far surpasses its 2020 target of 850 MW (Government of Vietnam, 2016). Solar PV systems generated about 10.6 TWh of electricity in 2020, accounting for about 4% of all generation. Rooftop solar contributed about 48% of Vietnam's total solar capacity by the end of 2020.

Can solar panels be recycled in Vietnam?

Recycling of solar panels has received policy attention in Vietnam. According to the Law on Environmental Protection 2020, producers and importers of solar equipment will be responsible for its recycling. They will either organize the recycling or pay a premium to the Vietnam Environmental Protection Fund.

Vishakha Glass has supported the introduction of an anti-dumping duty (ADD) on imported solar glass from China and Vietnam to India. The Ministry of Finance has introduced a new reference price to calculate ADD on solar glass imports from China and Vietnam. Vishakha Glass has welcomed this measure, which it considers as a vital step to protect local ...
