

At Solar Ethiopia, we are passionate about bringing the transformative power of solar energy to homes and businesses across Ethiopia. Based in Addis Ababa, we are the sole importer and distributor of Microtek products in the country, ...

Japan's TOYO Co. Ltd on Monday said it will build a 2 gigawatt solar cell factory in Ethiopia that will provide duty-free components to a panel factory it is planning in the United States.

We are an Ethiopian private limited company (PLC) availing affordable, high-quality solar-powered electrification and solar-powered productive use to off-grid communities. By empowering our clients with access to solar energy, we remove barriers of infrastructure, distance, knowledge, production and financial capability.

The abundance of sunlight, especially in the eastern and southern regions, offers a reliable supply of energy all year round. Ethiopia's foray into solar energy generation was sparked by this wealth of solar resources, which also makes Ethiopia a ...

TOYO Co., Ltd has unveiled plans to establish a 2 GW solar cell manufacturing facility in Hawassa, Ethiopia, marking a significant expansion in the company's global production capabilities. The \$60 million project is expected to generate 880 jobs and further position Ethiopia as a key player in the renewable energy sector.

The Company has signed a lease agreement for the new facility that is strategically located in Hawassa, Ethiopia, taking advantage of the country's favorable investment policies, tariff status, and ample hydropower supply. The project represents an estimated investment of \$60 million and will be financed using internal resources and pre-payments.
