"Mwenje installed our solar system. It has been more than a year and all is working so well and smoothly. No hiccups, no challenges!" "We highly recommend Mwenje solar to do an excellent job." "Ndo company dzekuita nadzo business kaidzi dzine track record!"

Does solar installation work?

Whether commercial, home on or off-grid, we have a proven method of installation that works. We have installed more than 2000 solar systems across the country and that experience has become proficiency. Our process has been tried and tested. And as new technologies emerge, we continue to find better ways of giving the best value.

Do you install quality solar equipment?

We only install quality equipment. We use reputable brands, from solar inverters to panels and batteries. We know good equipment means good guarantee periods so we try and take advantage of this for our customers' benefit. Our mission is to increase awareness and adoption of solar energy.

Why should I hire a professional for my solar system?

Hence it is of utmost importance to have your proposed solar system designed and sized by a qualified professional. As a company, we have successfully completed close to a thousand installations over nine years with each project different in size and scope. We have done both commercial and home installations, on and off-grid setups.
