# SOLAR PRO. Sri Lanka deye se g5 1 pro

## What is a Deve se-g5.1 Pro-B Battery?

The Deye SE-G5.1 Pro-B is a cutting-edge lithium iron phosphate(LFP) battery designed for safe, reliable, and flexible energy storage solutions. This modular battery system is perfect for both residential and commercial applications, allowing you to increase your self-consumption ratio and optimize your energy usage.

## What is a Deye g5.1 Pro battery?

In summary,the DEYE E-G5.1 Pro battery is an advanced energy storage solution,combining durability,safety,flexibility and environmental friendliness,ideal for a wide range of residential and commercial applications. Quick and easy installation! The DEYE G5.1 PRO battery assembles very easily,all mounting accessories are included in the kit.

## Is Deye a good battery storage system?

Discover the Deye SE-G5.1 Pro-B,a safer and eco-friendly home battery storage system with a cobalt-free Lithium Iron Phosphate (LFP) battery. It offers high efficiency, high power density, and a long lifespan. The intelligent BMS provides complete protection, and the system supports high discharge power.

## What is the warranty on the Deye e-g5.1 Pro battery?

The battery is covered by a 10-year warranty, with an energy throughput of 16MWh at 70% EOL. In summary, the DEYE E-G5.1 Pro battery is an advanced energy storage solution, combining durability, safety, flexibility and environmental friendliness, ideal for a wide range of residential and commercial applications. Quick and easy installation!

## What is the battery capacity of Deye e-g5.1 pro?

The battery offers a nominal capacity of 5.12kWhand usable energy of 4.6kWh,under test conditions of 90% DOD and charge/discharge at 0.5C at 25°C. The DEYE E-G5.1 Pro is compatible with different mounting methods,including standard 19-inch rack mounting,wall mounting and floor mounting,providing great installation flexibility in tight spaces.

#### What is a g5.1 Pro - B?

Robust Design: Engineered to perform reliably across a wide temperature range, the SE-G5.1 Pro - B can operate efficiently in temperatures from -20°C to 55°C. Its IP20 rating adds to its durability, making it suitable for different environmental conditions.

Deye SE-G5.1 Pro-B battery is a high-performance energy solution designed for renewable energy applications, including solar power systems and backup energy storage. With its robust design, it ensures reliable power supply in residential and commercial settings, making it ideal for off-grid living, emergency power backup, and peak shaving.
