

Who is the leading solar company in Sri Lanka?

Since 2016, we have merited EM 2 Grade CIDA (ICTAD) Certificate as a leading Solar Company in Sri Lanka. When considering solar power in Sri Lanka, Genso Power is the leading solar energy provider among solar companies in Sri Lanka. We serve sustainability via solar power.

Who provides end-to-end solar power systems in Sri Lanka?

Hayleys Fentons, in partnership with suppliers such as JA Solar, LONGi Solar, SMA, Canadian Solar and ABB, provides end-to-end solar power systems in Sri Lanka. They facilitate solar loans and offer warranties of up to 25 years for their solar power systems.

How much solar radiation does Sri Lanka receive?

Sri Lanka receives significant amount of solar radiation across all geographical regions. The Global Horizontal Irradiance (GHI) varies between 1,247 kWh/m² to 2,106 kWh/m². It is interesting to note that the intensity of solar irradiation in lowland areas is high compared to mountainous regions.

What is Solar Resource Atlas of Sri Lanka?

The Solar Resource Atlas of Sri Lanka is an important addition to the existing knowledge on solar resources of Sri Lanka. The first solar atlas of Sri Lanka was prepared by the National Renewable Energy Laboratory (NREL) of USA, in 2005, as the Wind and Solar Resource Atlas of Sri Lanka and Maldives.

Why should you choose Hayleys Solar in Sri Lanka?

Solar energy in Sri Lanka is one of the most preferred forms due to an abundance of sunlight, being located closer to the equator. Hayleys Solar by Hayleys Fentons is the largest EPC contractor and one of the most trusted solar companies in Sri Lanka, committed to contributing to cleaner energy sources.

How to get solar PV roof top installation in Sri Lanka?

Solar PV service providers (applicant company), having capacity to deliver the complete package of services including survey, design, supply of equipment/materials, installation & commissioning and post installation back up support must register at the Sri Lanka Sustainable Energy Authority to engage in Solar PV Roof Top installation in Sri Lanka.

As a leading rooftop solar company in Sri Lanka established in 2006 in the Republic of Maldives (Renewable Energy Maldives), We are dedicated to providing innovative solar solutions that ...

As a leading rooftop solar company in Sri Lanka established in 2006 in the Republic of Maldives (Renewable Energy Maldives), We are dedicated to providing innovative solar solutions that not only reduce your energy costs but ...

The Ministry of Power and State Minister of Solar, Wind and Hydro Power Generation Projects Development has launched a community based power generation project titled "Soorya Bala ...

The Ministry of Power and State Minister of Solar, Wind and Hydro Power Generation Projects Development has launched a community based power generation project titled "Soorya Bala Sangramaya" (Battle for Solar Energy) in collaboration with Sri Lanka Sustainable Energy Authority (SLSEA), Ceylon Electricity Board (CEB) and Lanka Electricity ...

As a leading rooftop solar company in Sri Lanka established in 2006 in the Republic of Maldives (Renewable Energy Maldives), We are dedicated to providing innovative solar solutions that not only reduce your energy costs but also contribute to a cleaner planet.

Hayleys Solar is proud to be a part of the Camso Loadstar's (Sri Lanka) green initiative by providing a roof top mounted solar system solution with a capacity of 1,400 kWp in its largest manufacturing facility in Midigama. This 1,400kWp ...

Solar Energy. Energy can be harnessed directly from the sun, though only slightly during cloudy weather. Solar energy is used worldwide and is increasingly popular for generating electricity or heating and desalinating water. Solar power is generated in two main ways:

The Global Solar Atlas provides a summary of solar power potential and solar resources globally. It is provided by the World Bank Group as a free service to governments, developers and the general public, and allows users to quickly ...

"The programme will be initially launched with solar panels installed at one house per Grama Niladhari Division, meaning 14,000 houses will receive free solar panels under the initial stage...

The Global Solar Atlas provides a summary of solar power potential and solar resources globally. It is provided by the World Bank Group as a free service to governments, developers and the general public, and allows users to quickly obtain data and carry out a simple electricity output calculation for any location covered by the solar resource ...

Hayleys Solar is proud to be a part of the Camso Loadstar's (Sri Lanka) green initiative by providing a roof top mounted solar system solution with a capacity of 1,400 kWp in its largest manufacturing facility in Midigama. This 1,400kWp accounts for 50% of total solar capacity of Camso Loadstars manufacturing facility.

Solar Energy. Energy can be harnessed directly from the sun, though only slightly during cloudy weather. Solar energy is used worldwide and is increasingly popular for generating electricity ...
