

St. Kitts was once known as the Gibraltar of the West Indies for its domination of 18th- century colonial battles. How the island rose to become the world's leader in sugarcane cultivation, an inspiration for the industrial revolution in the process.

The Government of St. Kitts and Nevis, along with SKELEC, the state-owned St. Kitts Electricity Company Ltd, have executed an amended Power Purchase Agreement (PPA) with SOLEC Power Ltd, a subsidiary JV of ...

"The 35.6-megawatt solar energy plant and the 44.2 megawatt-hour battery storage facility will be built on 100 acres of crown land located in the Royal Basseterre Valley ...

6 ???&#0183; by Eulana Weekes St. Kitts and Nevis (WINN): The Nevis Electricity Company (NEVLEC) will develop a grid code to ensure the safety, solidity, and efficiency of the electricity supply in Nevis. While he welcomes the growing adaptation to clean energy solutions, Premier Mark Brantley explained during his fiscal year 2025 budget presentation that the need [...]

The Project, scheduled for completion in 2025, will provide Sainstt Kitts with 35.7 MW of solar capacity and 43.6 MWh of battery storage for the delivery of clean, renewable, and reliable energy for 25 years.

The Honorable Ian Patches Liburd, St. Kitts and Nevis Minister of Public Infrastructure, Post, Urban Development and Transport, said: "We are set to embark on this vital solar+storage project as a key part of our renewable energy thrust that is critical to the future development of our country."
