

What is Su-Vastika ESS 2500 ups?

The Su-vastika ESS 2500 UPS is a high-performance, all-in-one lithium battery backup solution designed for both home and office use. Su-vastika provide uninterrupted power supply (UPS) during power outages, ensuring that essential devices continue... Lately, the incidence of fires due to tubular lead acid batteries has been on the rise in India.

What makes a Su-Vastika ESS so special?

The core of an ESS is a long-lasting, lithium-powered battery. Su-vastika's ESS leverages these advanced batteries to deliver uninterrupted power with faster charging and improved efficiency. The system also features Pure Sinewave technology.

Why should you choose Su-Vastika?

Because of its strong R&D and the experience of its able Mentor, Su-vastika understands the power backup needs of its customers across industries. Most importantly, it's our Patent Technology as well. Su-vastika's systems come with bi-directional technology which provides cleaner and more stable power output compared to traditional inverters.

Why should you choose Su-Vastika lithium inbuilt battery ESS?

They can disrupt work, halt entertainment, and even compromise critical processes. Su-vastika Lithium inbuilt battery ESS offers All-in-One Lithium LifePO4 battery inbuilt power storage system which is not only more powerful but also portable, compact, easy on pocket (cost effective) and environment friendly.

Does Su-Vastika support a grid 24/7?

Su-vastika grid-connected energy storage system can support a grid 24/7 by providing frequency and voltage support. ESS can be a great resource for renewable energy (RE) and electric vehicle (EV) integration with the electricity distribution grid.

What is Su-Vastika battery energy storage system?

Su-vastika Battery Energy Storage Systems having capacity of 10 - 20 and 50 KVA are ideal for large homes, farmhouses, Nursing homes, small apartment complex for storage and Solar Solutions. The Lithium battery backed BESS takes one fourth the space of the similar Generator capacity.

Su-vastika Systems' participation in REI 2024 further solidified its position as a leading player in the renewable energy industry. The company's commitment to technological advancement and customer satisfaction is evident in its innovative products.

Su-vastika aims to make power storage not just convenient but also cost-effective and environment-friendly through the use of renewable resources and green technology. We firmly believe that the future has to be

electric, but this will require a line-up of highly rugged power backup solutions.

Su-vastika 1600VA (1.6kVA) 24V Falcon+ Inverter (Formally Su-Kam) Su-vastika (Su-Kam, now re-branded): Same Smart, Stylish, Superior Quality & dependable inverter; Built-in Galvanic Isolation Transformer for Charging Circuitry; Built-in ...

The Su-vastika 5 KVA Lithium Energy Storage System offers a compelling solution for modern power needs. With its exceptional performance, advanced features, and eco-friendly design, it empowers you to enjoy uninterrupted power, reduce environmental impact, and embrace a smarter, greener future.

The Su-vastika ESS 2500 UPS is a high-performance, all-in-one lithium battery backup solution designed for both home and office use. Su-vastika provide uninterrupted power supply (UPS) during power outages, ensuring that essential devices continue...
