Ana is qualified as a lawyer in both England & Wales and the State of New York and is an infrastructure and energy professional with more than 20 years" experience in a variety of transactions including project finance, public-private partnerships and project development, working on energy and infrastructure projects in emerging markets.

Sudan's current crisis has deep historical roots, stemming from decades of authoritarian rule, regional conflicts, and the 2019 overthrow of long-time dictator Omar al-Bashir. The power struggle between the SAF and RSF has derailed Sudan's fragile transition to democracy and reversed many of the gains made by the 2019 pro-democracy movement.

Ugandan leader Yoweri Museveni is on Friday expected to lead his counterparts to discuss the situation in Sudan at the African Union Peace and Security Council. The Council, a 15-member body charged with addressing peace and security on the continent is meeting at a time critics say it has dragged feet in saving lives in Sudan.

In Africa, scientists are hard at work restoring land once rich with biodiversity and vegetation. Eleven countries in the Sahel-Sahara region--Djibouti, Eritrea, Ethiopia, Sudan, Chad, Niger, Nigeria, Mali, Burkina Faso, Mauritania, and Senegal--have joined to combat land degradation and restore native plant life to the landscape.. In recent years, northern Africa has ...
