The two islands of Sao Tome and Principe hover just above the equator, 250km off the coast of Gabon. While other tropical paradises have been taken over by resorts, Sao Tome and Principe remain thankfully much as they were when the Portuguese first discovered them in 1470, save for the addition of the odd cocoa plantation and charmingly crumbling colonial town.

Where Is Sao Tome and Principe. Sao Tome and Principe is located in the Gulf of Guinea, just off the western coast of Gabon and south of Nigeria. The equator runs directly through this small island nation. As the name tells you, these are two different islands. With Sao Tome being by far the biggest one and Principe being the smaller one.

São Tomé and Príncipe is not a cheap destination - though it's far more reasonable than other African island idylls like Mauritius or Seychelles; for a top-notch hotel, think EUR300 a night rather than EUR3000. On a tight budget, you might be able to get by on EUR100 per person per day - or even a little less.
