

Founded in October 2017, Tsingshan Group, a Fortune Global 500 firm, made its first investment in a new energy company, REPT BATTERO. The primary activities of REPT BATTERO are the development, manufacturing, and marketing of lithium-ion batteries for use in power vehicles and energy storage, ranging from single cells to entire systems.

On May 9, the CB500 lithium iron phosphate long battery cell of REPT BATTERO Energy Co., Ltd. successfully rolled off the production line. The relevant parameters met the customer's shipping standards and the first batch of delivery was achieved. It will be supplied to well-known domestic vehicle manufacturers and equipped with complete ...

REPT BATTERO Energy Co Ltd, formerly Rept Energy Co Ltd, is a China-based company mainly engaged in the research and development, production and sales of electric vehicle (EV) and energy storage system (ESS) lithium-ion battery products. The Company's EV battery products include LiFePO<sub>4</sub> (LFP) battery products and ternary lithium battery products, ...

Focusing on the field of new energy vehicle batteries, we provide high-performance and high-safety battery solutions for PHEV (plug-in hybrid electric vehicles) and REEV (extended range ...

Rept Battero Energy Co Ltd (HKG: 0666), a power battery maker backed by Chinese stainless steel and nickel giant Tsingshan Industry, plans to build its first overseas factory in Indonesia to expand its presence to overseas markets.

The product range spans from 50Ah to 625Ah models, meeting diverse user needs. According to public data from InfoLink Consulting, REPT BATTERO ranked third globally in energy storage ...

The new offerings include a host of lithium-ion battery cells powered by REPT's proprietary Wending technology designed to prolong the charge cycle and boost performance, alongside two brand-new...

Standard energy: 1004Wh; Nominal cycle (25°C) ≥ 8000 (0.5P/0.5P) Energy density: 173Wh/kg; Size: 206\*174\*71mm Application scenarios: Household energy storage, industrial and commercial energy storage, power energy storage Certification: UL1973?UL9540A?IEC62619?UN38.3?UL642?GB/T 36276

This battery is a key component of REPT BATTERO's innovative 20-foot 5.51MWh energy storage DC block, which delivers unparalleled energy efficiency in a standard shipping container size, exceeding ...
