Is Trumpchi E8 a PHEV?

Today, August 28, GAC released the renderings of the E8 MPV under its Trumpchi brand. The new car will be powered by a PHEV system and has previously been declared by the Chinese Ministry of Industry and Information Technology (MIIT) last month. The Trumpchi E8 is expected to launch later this year. The rendering shows a purple Trumpchi E8.

Is Trumpchi E8 a plug-in hybrid?

The Trumpchi E8 is an plug-in hybrid minivan produced by Chinese automobile manufacturer GAC Group and sold under the Trumpchi brand since 2023. Renderings of the Trumpchi E8 were first revealed online in August 2023. The plug-in hybrid version of the E8 went on sale in China in December 2023.

Where is the wireless cell phone charging panel located on a Trumpchi E8?

The wireless cell phone charging panel and cup holder are placed on the right side. The Trumpchi E8 exterior uses split headlights formed by horizontal one-light bands and vertical continuous light bands, giving the front face a three-dimensional look.

How much power does a Trumpchi E8 have?

As a mid-size MPV, the Trumpchi E8 measures 4920/1900/1760mm, with a 2930mm wheelbase. Power will come from a PHEV system consisting of a 1.8L or a 2.0L engine and a ternary lithium battery pack. The 1.8L engine has a maximum power of 98 kW while the 2.0L engine has a maximum power of 103 kW, mated to a 2-speed DHT.

What does the Trumpchi E8 look like?

The Trumpchi E8 is expected to launch later this year. The rendering shows a purple Trumpchi E8. In the front, the angular split headlights along with the vertical light strips are highly recognizable. The lights even have a name called the Guardian Eyes, according to the brand. The staggered grille creates a three-dimensional effect.

When will the Trumpchi E8 be released?

Renderings of the Trumpchi E8 were first revealed online in August 2023. The plug-in hybrid version of the E8 went on sale in China in December 2023. A Hybrid version of the E8 will be released July 16, 2024.
