Founded in 2012, Hanwha Q CELLS company is known for its high-quality, high-efficiency solar cells and solar modules, and it offers a wide variety of photovoltaic products, applications and solutions, solar modules, solar kits, and also large-scale solar power plants.

One of the most important areas is the development of scientific bases for the use of photovoltaic and wind power plants in Turkmenistan. In order to protect the environment and introduce environmentally friendly "green" technologies in the country, a project was developed for a photovoltaic solar power plant and its elements.
