Due to the current geopolitical situation, U.S. Battery Manufacturing is suspending all exports of its products to Russia. "We are concerned for the people of Ukraine and their suffering as a result of the aggressive military actions taken by the Russian government," said U.S. Battery COO Don Wallace. "In response, we will not be exporting [...]"

U.S. Battery Mfg. Co. ist seit 1926 führend auf dem Gebiet der Tiefzyklusbatterien. Werden Sie ein Teil

dieser Geschichte! Wir suchen motivierte Mitarbeiter für das U.S. Battery-Team in unseren drei Produktionsstätten. ZUR BEWERBUNG.

U.S. Battery's exclusive new Essential Li® Lithium-ion battery line is engineered with safety in mind and features redundant control mechanisms and Lithium Iron Phosphate (LFP) cell chemistry, widely considered the safest and most robust ...

U.S. Battery's deep-cycle batteries set the industry standard for EV/Golf/Utility Vehicles. With nearly 100-years of experience, U.S. Battery products have earned the reputation as the most efficient and cost-effective deep-cycle batteries on ...

With Ukraine decimated and under Russian influence, the production of battery raw materials that Europe needs for electrification has been suppressed and the Western world will need to continue to rely on China for ...
