

From our pioneering work on a dam in the United Arab Emirates to the iconic interchange 5 in United Arab Emirates, we have taken on some extraordinary engineering feats. We can also take credit for some of the Gulf's more challenging construction projects, such as the recent improvement of Sheikh Mohammed bin Zayed Road.

The United Arab Emirates (UAE) has the world's seventh largest proven oil reserves (1) and the sixth (2) largest natural gas reserves, making the country a critical partner and responsible supplier in global energy markets. Although a mainstay in the economy, oil exports account for about 25% of the UAE's gross domestic product, as a result of government policies designed ...
