

What is the WECO 5k3-xp-EU?

Product Overview The WeCo 5K3-XP-EU is a Stackable Battery Module with a DUAL VOLTAGE module that can be used in a Low Voltage... Make sure to use the correct inverter charging parameters before connecting to the battery.

What is a hazard in WECO 5k3-xp-EU?

WECO 5K3-XP-EU Warning Statements Lithium Iron Phosphate(LiFeP04) Battery or Cell DANGER Hazard Statement The materials contained in this product may only represent a hazard if the integrity of the cell or battery is compromised; physically, thermally, or electrically abused.

Can I copy a datasheet or manual from WECO?

No part of this document from WECO can be copied or reproduced without written permission. Always ask WeCo for the most recent datasheet and manual before purchasing. All data is subject to change without prior notice; WeCo designs and produces lithium batteries equipped with the highest quality components.

How do I contact WECO battery support?

Contact WeCo support at info@wecobatteries.ae. There is an RS232 Operator Port which will allow you to check all parameters of the Battery Module. Full instructions on how to interface to the RS232 port can be found in this manual.

Confirm current data with WeCo before purchase. Unauthorized use, copying, or reproduction of design, logo, or content is prohibited. WeCo is a registered brand of WeCo Srl Italia. A diferencia de muchas otras baterías de litio, nuestras baterías Weco permiten la carga y descarga a 1C por lo que con una sola batería de Litio Weco 5k3 podremos cargar y descargar a más de 5000Wh. En tan solo 1 hora podemos tener cargada la batería y podemos utilizar inversores de 5kw de potencia con una sola batería sin tener problemas de garantía.

Le batterie ZCS-Weco 5K3 XP per sistemi di accumulo e inverter Ibridi ZCS Azzurro costituiscono la soluzione ideale per ottimizzare l'indipendenza energetica in ambito residenziale. La tecnologia agli Ioni di Litio o Litio-Ferro-Fosfato permette un utilizzo ottimale anche ad alte profondità di scarica ottimizzando l'immagazzinamento ed il riutilizzo di energia.
