

What are the specifications of photovoltaic panels 545

What is a 545 W JA Solar panel?

This 545 W JA Solar solar panel also comes with a generous 12-year product warranty. JA-JAM72-D30-545MB design makes it ideal for residential and commercial rooftops. Strong 1.38" frame made from anodized aluminum increases durability and strength. The model can support a heavy snow load up to 5400 Pa.

What are the dimensions of a solar panel?

Panel dimensions: Length 2256mm Width 1133mm Height 35mm Weight 27.2kg Ideal for both isolated photovoltaic solar energy installations and those connected to the electricity grid. These panels stand out for their incredible quality/price ratio.

What are the features of Tata Power Solar?

Made in India within a state-of-the-art module production facility. Low risk of failure - A warranty claim rate of under 0.07%. Certified to withstand snow loads of up to 5400Pa. 6005-T6 grade. PID resistant module. IP68 rated junction box. Warranties are subject to the terms and conditions as per the Tata Power Solar warranty document.

What are the specifications & average values?

The specifications and average values can vary slightly. Relevant is the corresponding data of the individual measurement. Specifications are subject to change without notice. Measurement tolerance depending on equipment: rated power +/- 3%, other values +/- 10%. All information given in this data sheet corresponds to DIN EN 50380.

SunPower Corporation Solar Panel Series Performance 5 UPP Bifacial, 520-545 W. Detailed profile including pictures, certification details and manufacturer PDF ... SPR-P5-545-UPP ...

Mecer 545W Solar PV Module Monocrystalline Solar Panel SOL-P-M-545. Features and Specifications. Whether you're looking to reduce your reliance on the grid, save on electricity ...

Sunrise Energy Co., Ltd. Solar Panel Series M10 144cells 545-565W. Detailed profile including pictures, certification details and manufacturer PDF ENF Solar. Language: ... Solar Panel ...

This document provides specifications for a Jinko monocrystalline photovoltaic panel. It lists the rated power output of 545W, open circuit voltage of 49.52V, and short circuit current of 13.94A under standard test conditions. Additional ...

The weight of each half-cut panel is 32 kilograms and the height is 89.7 inches. The front glass of the solar
