

Mana bin Yemeen told an Abu Dhabi-based Erem news agency that his war-torn country is devising a strategy to rely more on renewable energy, benefiting from its sunny skies in most days of the year. He said the UAE through Masdar has approved plans to fund solar power plants in Yemen and that the country's first such plant is being built in ...

Abu Dhabi-based renewables major Masdar has signed an agreement with Yemen's Ministry of Energy and Electricity to build a 120-MW solar park in Aden which serves as a temporary capital of the war-torn Arab country.

Over the past 17 years, Masdar has become one of the world's largest renewable energy investors and drivers of the energy transition. Our momentum will see us accelerate global clean energy growth, expand our renewable energy footprint, and play a vital role in delivering the UAE's Net Zero by 2050 strategic initiative.

Dubai, UAE: 21 March 2023 - Trina Solar and Al-Raebi for Trading (Al-Raebi) signed a 5-year partnership agreement to supply 500MW of module shipments for the Yemeni market. Trina Solar will provide Al-Raebi with 100MW of its Vertex N n-type i-TOPCon cell technology modules in 2023.

Masdar specializes in utility-scale renewable energy projects, community grid projects, and energy services. Active in more than 30 countries, Masdar is one of the largest developers of renewable energy projects in the Middle East. Its projects have an ...
