

"Yogi Solar" have been certified by the local authorities of Houston, Texas. We have an extensive experience in Power plants installations and management for which an additional license needs to be procured. We have completed quite a lot of residential projects and some larger scale powerhouses. We are a registered and certified business for ...

I love Christmas in Switzerland. Actually, I think Christmas was my favorite time of the year during my 10 years as an expat in Switzerland. I always dreamed of having a white Christmas. But with or without snow Christmas in Switzerland is always a big deal. From late November on, wherever you go you can't help but get into the Christmas spirit.

Everything you need to know about adding battery storage to your solar PV system in Switzerland. This in-depth guide covers top brands, costs, sizing, subsidies, installation, operation and economics of solar batteries for Swiss homes and businesses. Learn how batteries increase solar self-consumption and discuss the limits to achieving full energy independence.

Solar has over 65 years of experience and have performed more than 30,000 gas turbine overhauls. Suppliers. All Suppliers; Prospective Suppliers; Current Suppliers; Sustainability. All Sustainability; Sustainability; Carbon Reduction. Solar focuses on innovative solutions to reduce emissions and continues to work towards a carbon neutral future.

Solar Direct. Invest in your own Swiss solar system with Younergy. Get solar electricity for free while enjoying the advantages of subsidies and tax deductions. The batteries typically used in solar home systems in Switzerland are LiFePO4 batteries with a capacity of 10 kWh. They have a long service life (6,000 charge/discharge cycles) and a high energy density. With the Volta Swiss system, up to 160 kWh of storage can be achieved per inverter by combining several batteries.
