

Who is Beny new energy?

BENY New Energy is a trusted manufacturer of protective components for photovoltaic systems across the globe. Our experience of working in the electrical industry for more than 30 years allows us to create solar DC components that comply with the latest DC standards.

Who is zjbeny?

A national high-tech enterprise with more than 30 years of experience in the electrical industry. ZJBENY offers a full range of solar PV protection products and EV chargers for different solar PV, battery energy storage, and EV charging system. We satisfy your needs with our long warranty, technical support, and other value-added services.

Who are zjbeny products?

ZJBENY products are backed by the skills and service of a dedicated team of customer-focused specialists; they have been striving to provide high-quality products for residential and commercial rooftop systems utilities all over the world. 1000V 1500V DC isolator switch, dc surge arrester and solar combiner box.

What certifications does zjbeny have?

ZJBENY also holds SAA,CB,CE,TUV,ISO,RoHScertifications. ZJBENY offers high quality and cost-efficiency green energy solutions. Thanks to the patented technology and functional design guarantee a higher satisfaction than the industry standard. What Is A Grid Connected Solar Energy System? What Is An Off Grid Solar System...

What makes Beny eV Products so popular?

In recent years, BENY has attentively invested resources in research on EV-related products, successively manufacturing other types of products, thus reaping wide market popularity across the world.
